

MARPOSS

REACH Regulation – statement of compliance

The substances contained in Marposs products have been pre-registered / registered within the due dates, as prescribed in the Regulation.

Marposs products do not contain Substances of Very High Concern (SVHC) as listed in the current Candidate List in a concentration above 0.1% weight by weight.

Marposs constantly monitors its supply chain and ECHA notifications. In the event that new SVHC are added to the candidate list and one or more of them are present in our products in a concentration above 0.1% weight by weight, we will certainly provide customers with all the necessary information that allows the safe use of the product including, but not limited to the name of the substances.

Marposs products comply with the restriction on the manufacture, placement on the market and use of certain dangerous substances, preparations and articles, as per Annex XVII of the Regulation.
