Declaration on Persistent Organic Pollutants (POPs) Regulation (EU) 2019/1021

Regulation (EU) No. 2019/1021 about persistent organic pollutants (POPs) aims to protect human health and the environment with specific control measures that prohibit or severely restrict the production, placement on the market, use and environmental release of POPs.

Based on the verified information and to our best knowledge, we declare that our products are in compliance with the POPs Regulation and do not contain substances subject to prohibitions listed in Annex I to Regulation (EU) 2019/1021 and amendments.

We continue to follow the update of the POPs regulation and ensure the conformity of our products.
