Compliance with EU Regulation 2025/40, the Packaging and Packaging Waste Regulation (PPWR)

Regulation (EU) 2025/40 on packaging and packaging waste (PPWR – Packaging and Packaging Waste Regulation) is a key element of the European Union's wider programme aimed at promoting the principles of the **circular economy** and environmental sustainability.

Based on the declarations and information currently available from our suppliers, we would like to provide an update regarding the compliance of the packaging supplied with EU Regulation 2025/40 (PPWR).

Heavy metals (Article 5(4) PPWR)

From 12 August 2026, Article 5 will apply to packaging placed on the market, and we confirm compliance with the requirement regarding the restriction of certain substances.

In particular, the limit values for the sum of the heavy metals lead (Pb), cadmium (Cd), mercury (Hg) and hexavalent chromium (Cr(VI)) are complied with.

Date

5 August 2026
