

Fenar L range of application

DIAMETER <i>larger diameters upon request</i>	$35 \text{ mm} \leq \emptyset \leq 160 \text{ mm}$
STROKE <i>larger strokes upon request</i>	$\leq 100 \text{ mm}$
REPEATABILITY <i>with $0.1 \mu\text{m}$ resolution in machine conditions</i>	$< 0,8 \mu\text{m}$
SPEED OF ROTATION	$< 70 \text{ rpm}$
PROTECTION DEGREE <i>IEC 60529</i>	IP66 - IP67

Fenar L range of application

RANGE 25 mm <i>snap gauge for checking main journals and pin journals with a single gauge with automatic zero-setting on the master part for any single diameter to be ground which is within the operating range</i>	resolution $1 \mu\text{m}$
	measuring range $1000 \mu\text{m}$
RANGE 12,5 mm <i>snap gauge for checking on machines with a double wheel carriage, one snap gauge dedicated to main journals and one for pin journals; automatic zero-setting on the master part for any single diameter to be ground which is within the operating range</i>	resolution $0,1 \mu\text{m}$
	measuring range $500 \mu\text{m}$
